

Yuasa FXC Series, VRLA Battery

Yuasa FXC batteries are the ideal VRLA 12V batteries for cyclic applications. FXC batteries use superior deep cycle technology, and highest quality materials which result in long cycle life and excellent electrical performance. Thick grids and new optimised paste formulation have extended cycle life performance to a new level which is more than double the cycle life of other VRLA batteries.

- High Cyclic Design
- Long Service Life 1500 cycles @ 50% DOD
- Flame retardant battery lid and container (UL94 V-0)
